LINDA HUNT

Senior Vice President, Arizona

Dignity Health/CommonSpirit Health

Dear Lou Grubb Friends Fore Golf,

The Lou Grubb Friends Fore Golf tournament has raised much needed funds for quality healthcare and been committed to philanthropy in our community for more than 45 years. We are eternally grateful for your partnership.

Today, more than ever, our healthcare community needs your support!

To help meet the immediate needs at St. Joseph's Hospital, as a result of the COVID – 19 crisis, the Lou Grubb golf committee has shared with me that they are disbursing \$100,000 of funds already received for this year's tournament (postponed until September 17th) to Dignity Health St. Joseph's.

But, because the need at St. Joseph's is so great, the Lou Grubb golf committee is generously **providing an additional lead match gift of up to \$25,000** for the Lou Grubb Golf Emergency Response Fund. These additional dollars are to provide the most time sensitive support to our frontline doctors and nurses at St. Joseph's Hospital & Medical Center, including Barrow Neurological Institute.

I am asking you to stand with us to provide critical needs to the doctors and nurses that care for our community. **Every dollar you donate today will be matched up to \$25,000** thanks to the generosity of our Lou Grub golf committee.

Please do what you can today so that we can ensure our medical teams can meet our community's needs tomorrow.

May you and your family be safe and healthy during these most challenging of times,

Linda Hunt

P.S. Make a special match gift today at LouGrubbGolf.com, or call Evie Haertl at 602-406-1056
